秋田県立大学

Saitama University
埼玉大学

九州大学
KYUSHU UNIVERSITY

ABOUT CONFERENCE :

The Biyani International Conference (BICON) aims to convene prominent academics, industrialists, scientists, and research scholars from India and Japan. The primary goal of this conference is to facilitate the exchange of expertise, formulation of innovative approaches, and deliberation on the latest advancements in their respective domains, with a special emphasis on strengthening the academic-industrial relationship between the two nations. The conference will predominantly centre around topics such as collaborative education initiatives, health considerations, enhancing the capabilities of educators, fostering partnerships, honing skills for increased employability, promoting the commercialization of research outcomes, and fostering entrepreneurship.

OBJECTIVES OF CONFERENCE:

- Transition of Technology from Academic Institutions to Industries.
- Prominent cross-disciplinary platform for showcasing and deliberating upon the latest innovations, trends, issues, and tangible obstacles.
- Collecting technologies from diverse academic laboratories and showcasing them to enterprises for potential integration into the commercial sphere.

ABOUT THE ORGANIZATION:

Biyani Group of Colleges is one of the most prestigious educational Organization, having 17 institutes. One of our institute, Biyani Girls College is the best girls college in North India as the college has been NAAC accredited by UGC with grade "A". Biyani Institute of Science and Management is the best college in Rajasthan for MBA & MCA as we have been awarded with Certificate of Excellence by Rajasthan Technical University. The Institute has also been awarded by Lilawati Award 2021.

The Organization has a blend of professional and technical education with environment for Research & Innovation. We train young minds with an ethical and social vision. The Centre of Excellence for digital innovation gives the exposure to the latest marketing trends and technological advancement in the industries.

The Research activities at Biyani Group of Colleges are encouraged through international exchange programs that involve an integration of academic excellence and research based development. Our association with the leading universities and industries of Japan unfolds quantum exposure for the students. We are the firm believers of quality education with overall development of the youth.

November 26, 2023; Sunday (Day-1)

ADVANCING CANCER CARE THROUGH FUTURISTIC TECHNOLOGIES IN INDUSTRY

Sub-Themes:

- Nanotechnology and Targeted Delivery: Industry's Role in Revolutionizing Cancer Treatment.
- Smart Wearables and Remote Monitoring: Industry's Contribution to Patient-Centric Cancer Care.
